Needed Materials: No. 2 pencils (NO PENS)
\$10.00 Science Fee
1 bound Composition book (Black and White Marble) wide rule
colored pencils
glue sticks
1” 3-ring binder
1 jumbo book cover

Class Rules : 1- Be prepared for class **EVERYDAY**, this includes: books, pencil, and homework.
2- No food, **gum**, or drinks allowed in class at any time.
3- Be in the room when the bell rings.
4- Stay in your desk.
5- Use materials for their intended purpose only.
6- **YOU** are responsible for any work/tests missed when absent.
7- Bathroom privileges are for emergencies only, go **BEFORE** class begins.
8- **Horseplay during labs will not be tolerated.**

Class work/Tests: Composition books will be graded weekly. Tests will be given at the end of every chapter. AMSTI lab tests will be given at the end of every unit. We recommend that studying be done every night. Chemistry and Physics are two challenging classes, waiting the night before to study will almost guarantee a failing grade. There will be NO makeup work given to bring your grades up. The grade you receive will reflect the amount of studying and work you have put into the class. If you are absent be sure to find out what you missed. All make-up work **MUST** be turned in, in a timely manner, not weeks late. **There is no excuse for a zero on any assignment.**

Progress Reports will be sent out every 4 weeks. Report cards will be sent home at the end of every 9 weeks.

Cell Phones: Cell phones are prohibited in class. They **MUST** be kept in the locker, and turned off. Students who are caught with cell phones on their persons will have it taken up. The **FIRST** time they are taken up will result in one day suspension. Purses are also to be kept in the lockers. Book bags of any kind are not allowed in class.

Course Content: Alabama Physical Science includes areas of Physics and Chemistry. The Alabama Course of Study will be followed. The Standards and Objectives for the Alabama High School Graduation Exam will also be taught. Students in this course are expected to follow the school Academic Code of Conduct. Any student who receives a failing grade during this course is urged to discuss this with the teacher.
